LISTA COMPACT

Workspace and storage furnishings

LISTA

YOUR PARTNER FOR MORE THAN 70 YEARS

For over 70 years, LISTA has been providing efficient and organised workspace and storage solutions, the most popular of which are now showcased in the new LISTA Compact. For the first time, we have selected a range of the most popular solutions in each product group. In addition, each product can still be configured as per your requirements and ordered individually. With all the benefits LISTA offers now even more clearly presented.

LISTA: Benefits at a glance

+ Comprehensive range
from A for access control to W for workstation systems

+ The system concept
all products can be freely combined

+ Bespoke solutions
for customers with specific needs

+ Maximum flexibility
with a choice of colours, configuration options and more

+ A wide range of services
such as training, assembly, marking, etc.

+ Expert planning
with our LISTA Draw visualisation software

+ 10-year guarantee
unique in the industry

+ Worldwide distribution and service network
for unlimited customer service

+ First-class references
from more than 100,000 prestigious
companies worldwide

COLOURFUL SOLUTIONS

Twelve standard colours, six colour combinations, all other colours available. Whether a workbench or drawer cabinet in red, green or violet: LISTA can supply any product, in any colour and colour combination on request. This means that you can design your own individual system with absolute flexibility. All options are possible, from different colours for individual work areas to storage and workspace furnishing in corporate colours.

In addition to classic standard colours like pale blue, pale grey, pure white or black, you can choose from 12 other predefined colours or simply specify the colours you want. And you can order housings and drawers in different colours. Because when we say flexible, we mean it.

All standard colours
see fold-out page at end

Yellow: your corporate design

Red: for hazardous goods

Pale blue: always looks good

Orange: with ESD coating

Ultramarine: for a high-class look

Green: for goods in

SECURITY INCLUDED

From standard locking systems with replaceable cylinders to fully electronic access control systems: LISTA gives you the choice. Four intelligent levels of security reliably ensure that only authorised personnel have access to the inventory. This means that tools and supplies are protected and yet always accessible, making it easier to plan inventories and more economical to maintain them.

LISTA offers the utmost flexibility; for example, you can easily upgrade a standard locking system to a numeric code system at any time. With LISTA electronic access systems you can not only control access to the whole cabinet, individual drawers or the drawer compartments specially developed for this system, but use all the various system types together in a single cabinet – whatever suits your needs.
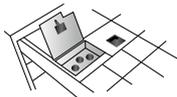

Electronic access control

- Modular access control system
- Simple electronically controlled access to cabinets, drawers or compartments (LISTA Cabinet Control, LISTA Drawer Control or LISTA Parts Control)

Key Lock

- Standard locking system with replaceable cylinders
- Including two keys with key number
- Can be easily fitted to existing locking systems
- Also suitable for use as main locking system
- Max. 100 cylinders, for separate or combined locking

Code Lock

- Numeric combination lock
- Four to six digit combination for direct access without key
- Up to 19 different user codes
- Works for several years without needing a new battery
- Master key function with master code

Remote Lock/Remote Lock Mobile

- Locking by means of hand-held radio transmitter
- For stationary and mobile cabinets
- Programmable access rights and locking hierarchy
- Self-locking system delivers maximum security at minimum cost

THE CHOICE IS YOURS

LISTA stands for bespoke system solutions to meet your needs. Size, equipment, locking system, colour or drawer partitions: every detail of every element can be optimised and adapted to meet your individual requirements to ensure the solution is fit for purpose. We will be pleased to advise you on the best configuration via our helpline or to assist you personally from analysis and project planning to fitting and beyond.

Because LISTA offers expert advice and service, you can get everything you need for a truly efficient workplace from a single supplier and we can meet any challenge, true to our motto: making workspace work.

ORGANISATION MADE TO MEASURE

From drawer cabinets to individual worksta-tions, the entire LISTA system is based on a standard measurement. A LISTA unit is 17 mm and this ensures that all elements fit together seamlessly. This enables you to freely combine any LISTA product, to replace or add on elements or to reconfigure your system any way you like.

The LISTA unit gives you maximum creative free-dom, regardless of whether you want to store industrial tools or maintain an orderly and secure stock of medicines in a hospital. The standard grid also ensures that partition materials give you the highest possible degree of order and organisation and brings the additional benefits of workflow and efficiency.

LISTA partition materials

Drawer cabinets

ROBUST ALL-ROUNDERS

LISTA drawer cabinets provide a robust and well protected storage option for equipment and many other items. High-quality specifications and a variety of individual configuration options make these robust all-rounders ideal for a wide variety of requirements and environments. Their special design guarantees optimum space utilisation. In addition, housing and drawers can be variably partitioned, intelligently labelled, protected with access control and finished in almost any colour. Nowhere else will you find this degree of flexibility.

! ALWAYS WITH LISTA

Free choice of colours
12 standard colours, 6 colour combinations, all other colours available; see p. 10

Intelligent locking systems
replaceable cylinders for adapting existing locking systems, electronic numeric and remote locking systems for absolute security made to measure; see p. 11

Individual configuration options
in terms of size, equipment, locking system, colour and drawer partitions; see p. 12

Fully combinable
with the entire LISTA range thanks to standard measurement unit; see p. 13

+ Utmost stability

load capacity of housing up to 4 t; load capacity of drawers 75 or 200 kg

+ Can be utilised to the full

since drawers can be fully extended and the drawer shell heights are optimised

+ Well protected

against dirt, liquids and mechanical load through closed housing with impact and abrasion-resistant surface

+ Outstanding safety features

safety catch to prevent the drawers from falling out and anti-tilt mechanism to prevent opening of more than one drawer at a time

+ Full corrosion protection

with electrophoretic dip painting and environmentally-friendly powder coating

+ Optimum order and organisation

thanks to special LISTA partition material for every purpose and perforated, slotted drawers

+ Professional labelling

with LISTA Script labelling software and clip-on label holders which fold upwards

+ Perfectly smooth running

through differential pull-out without a crossbar

+ Flexibly adaptable

through pre-perforated holes for table tops (punch-outs), rollers, drawers, locking systems for easy retro-fitting and refitting

Drawer cabinets

+ Maximum use of drawer space

Optimum shell height
- drawer sides and rear panels the same height as the fronts
- maximum use of vertical space
- optimum protection against items falling out and loss of stored items

Full extension
- maximum use of horizontal space
- everything in view
- optimum access

+ Perfectly smooth running

Pull-out without crossbar
- perfectly smooth running and ease of movement through differential pull-out without a crossbar
- enables the drawer to be fully extended

Quiet locking tab
- special plastic cover in the locking tab
- smooth and quiet locking process

+ Professional labelling

Label holder which folds upwards
- on drawers, troughs, metal dividers, separators and housing
- for easy, clean and protected labelling

LISTA Script
The LISTA Script labelling software offers:
- numerous labelling options
- pictograms
- barcode generator

As a LISTA customer, you can download our LISTA Script labelling software free of charge online at: www.lista.com/script

+ Partition material for every purpose

The LISTA standard
Our drawer partition materials are standardised and therefore compatible with the entire LISTA range.

Benefits of LISTA storage systems

Storage in drawers

Storing small parts in drawers rather than on shelves ensures that stored items are protected from dust and contamination while saving space and optimising organisation. The entire contents of the drawer are visible in no time, whereas with a shelf, items may have to be moved or reached over to gain access.

- The depth of a compartment can be adapted to suit the stored items at any time, and any number of parts can be placed one behind the other
- By simply pulling out the drawer, you can clearly see the contents and have everything within reach in a truly space-saving way

+ Example of space requirement

|		
Usable depth	4 x 600	= 2400 mm
Depth of aisle	2 x 1000	= 2000 mm

Total 4400 mm

*600 mm*
1450 mm
1000 mm
4400 mm
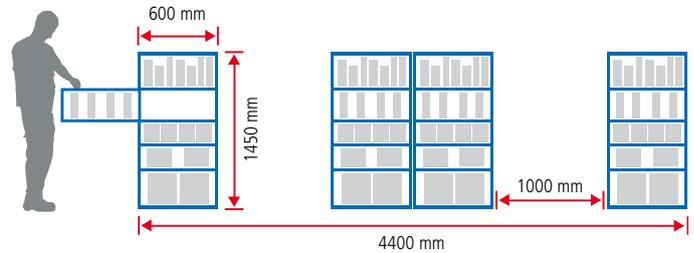

Storage on shelves

- If the parts are smaller than the depth of the shelves, there is a lot of unused space behind the goods
- If the items are stored behind one another, then space is needed for both visibility and access

– Example of space requirement

Usable depth	8 x 300	= 2400 mm
Depth of aisle	4 x 800	= 3200 mm

Total 5600 mm

300 mm
2000 mm
800 mm
5600 mm
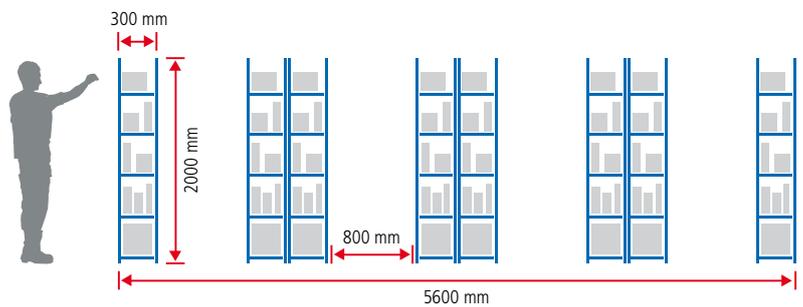

+ Optimum order and organisation
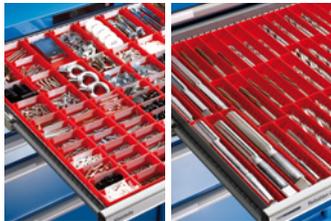

Plastic boxes and troughs
for small and cylindrical items

Tool holders
for NC storage

Metal separators
for different sized parts

PE foam inserts
for special and measuring tools
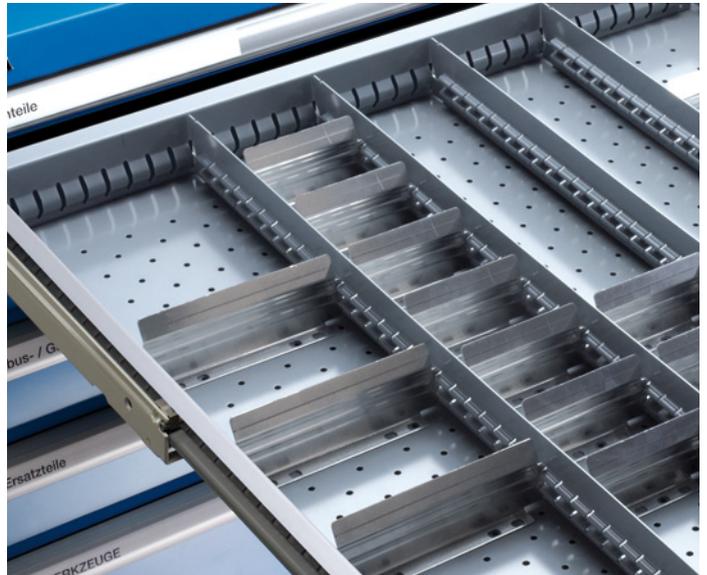

Perforated, slotted drawers hold items firmly in place

- a series of slots around the drawer walls hold the partitioning material firmly in place
- perforated drawer bases enable slotted dividers, metal separators, dividers, holding pins or milling cutter holders to be optionally screwed in place

Lista Units	Depth 27 E				Depth 36 E						
	18 x 27 E	27 x 27 E	36 x 27 E	54 x 27 E	18 x 36 E	27 x 36 E	36 x 36 E	45 x 36 E	54 x 36 E	64 x 36 E	78 x 36 E

✚ Intelligent locking systems

Key Lock
- standard locking system with replaceable cylinders including two keys with key number
- easily adapted to existing locking systems
- can be used as master key locking system (max. 100 cylinders) or as separate or combined locking system

Code Lock
- locking system with 4 to 6-digit numeric combination
- direct access without a key
- up to 19 different user codes
- works for several years without changing the battery
- can be installed with master key function and master code

Remote Lock / Remote Lock Mobile
- locking system using hand-held radio transmitter for stationary or mobile cabinets
- programmable access rights and locking hierarchies
- self-locking system provides maximum security at minimum cost

Access control
A simple electronic control in the form of a modular access control system can also be installed (LISTA Cabinet Control, LISTA Drawer Control or LISTA Parts Control)

≫ LISTA Electronic Control
see p. 46

You can easily change from the standard Key Lock system to the locking system with numeric Code Lock at any time.

✚ Flexibly adaptable
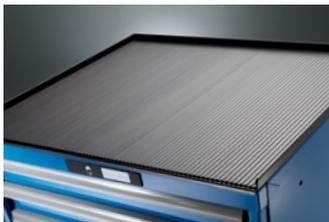

Variable raised edges
- raised edges on three sides of stationary cabinets for simple and easy cleaning
- raised edges on four sides of mobile cabinets to protect the goods being transported

Punch out
- housing covers with pre-perforated holes which can be punched out
- for retrofitting with a table top or second drawer cabinet on top

Base/forklift base
- optional base and forklift base (for drawer cabinets with a width of 36 E and over)
- makes it easy to adjust the height of the drawer cabinet
- enables the loaded cabinet to be lifted and moved with a forklift truck

Mobile cabinets
Our mobile cabinets are supplied with:
- raised edges on all four sides and push-bar
- black ribbed mat
- two swivel castors with brakes
- two fixed castors and single-drawer locking mechanism

Stationary cabinets can be converted to mobile cabinets at any time.
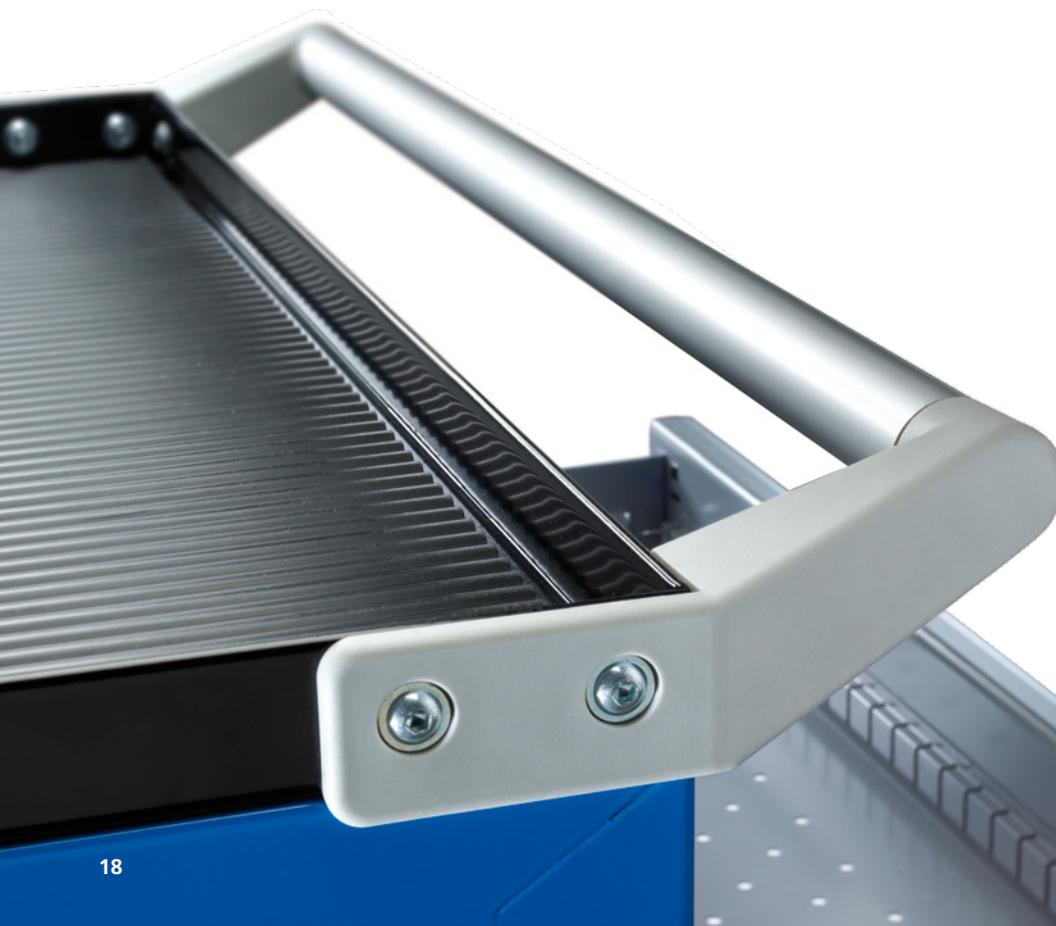

✚ Individual configuration options

As standard, LISTA drawer cabinets are available in seven different widths, two depths and a variety of heights. The configuration options in terms of size, equipment, locking system, colour and drawer partitions are almost unlimited.

Our drawer cabinets can be combined individually to suit any working environment in order to make maximum use of available space. They can be extended at any time and therefore offer a scaleable solution tailored to your needs.

Typical configurations

Configuration as a drawer cabinet

Configuration as a drawer cabinet with recessed hinged door, pull-out shelves and adjustable shelves

Configuration as a drawer cabinet with drawers, recessed hinged door, pull-out shelves and adjustable shelves

Configuration as a mobile drawer cabinet

Configuration as a picking trolley with raised edges and push-bar

ESD version available on request

✚ Outstanding safety features

Single drawer opening as standard
- prevents the cabinet from tipping over by blocking all other drawers when one drawer is pulled out
- allows for drawers to be moved around into a different arrangement at any time

Flush drawer front
- drawer handles with side covers which sit snugly within the front profile
- look good and are safe

Safety catches
- comply with all regulations against drawers accidentally falling out of cabinets
- reduce the risk of injuries at the workplace
- can easily be deactivated in order to move individual drawers

Information on load capacity
- the load capacity (75 or 200 kg) is inscribed on the drawer runners
- increased safety

✚ Extra safety for stationary and mobile cabinets

Safety catch on right
- our standard safety catch for all mobile cabinets
- can be operated with one hand

Single safety catch on the right and left
- especially suitable for mobile equipment
- both hands are needed to operate them

Double safety catch
- has all the same features as the single safety catch on the left and the right
- easier to use since it can be operated with one hand

Lilo locking device
- with external lever for fixing the fully laden drawer in either open or closed position
- for a drawer load capacity of 200 kg

Drawer cabinets

Countless configuration options

Covers
Raised edges on three sides and ribbed mat, Resin-coated cover panel, Multiplex cover panel, Raised edges on 4 sides, with push-bar (for mobile cabinets)
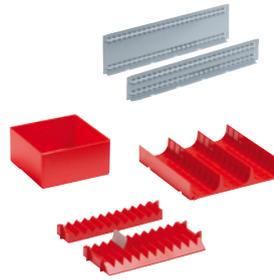

Partition material
Slotted dividers, separators, trough walls, metal separators, label holders, plastic boxes and trough separators, milling cutter holders and holding pins, non-slip mats, foam inserts and much more.

Inserts and add-ons
Drawers, pull-out and adjustable shelves, hinged doors

Locking systems
Key Lock, Code Lock or, on request, Remote Lock / Remote Lock mobile

Substructures
Housing base, 2-way pallet/ forklift truck base, Pairs of castor holders and individual castors

Order preconfigured models

Lista Units	**1.** Pre-configured ordering examples

2. Partition material

■ or options

... or configure and order cabinets individually

Lista Units	**1.** Housing	**2.** Drawers	**3.** Accessories

4. Partition material

- **Lista Units**
  - select the cabinet floor area (e. g. 717 x 572 mm = 36 x 27 E or 717 x 725 mm = 36 x 36 E)
  - LISTA Unit E x E = a unit of measure which helps to choose drawers and partition materials

- **1. Housing**
  - choice of various housing heights (A)
  - the choice of housing always includes the choice of the preferred locking system and the colour

- **2. Drawers**
  - define the height of the front, the load capacity, the colour and the type of safety catch
  - sum of the drawer front heights (C) = clear height (B) (see diagram)

- **3. Accessories**
  - can be equipped with drawers and doors
  - select the cabinet accessories
  - mobile cabinets must have a drawer safety catch and a push-bar

- **4. Partition material**
  - select the partition material for the drawers
  - N.B.: take the drawer height and usable surface into account!

12 standard colours

Maximum flexibility thanks to free choice of colours
All products with a choice of colours are available in 12 standard colours and 6 colour combinations without surcharge. The three-digit colour code (e.g. **.010**) forms part of the article number. When ordering, please complete the article number by adding the desired three-digit colour code (e.g. **70.701.010**). Housings and drawers can also be ordered in different colours.

In addition to the stationary versions, all LISTA drawer cabinets are also available as mobile cabinets.
This increased mobility provides greater convenience and gains extra space. Mobile cabinets enable you to transport stored items easily and quickly and can conveniently be stored under a work surface if space is at a premium.

+ Greater mobility
through smooth-running nylon and rubber castors, depending on the properties of the floor

+ Optimum use of space
when positioned under work surfaces

+ Safe and convenient
thanks to raised edges all round, ergonomic push-bar and additional drawer safety mechanisms

Equipped with drawers and doors
Drawer cabinets can optionally be fitted with drawers and a door. Because the door is recessed, special pull-out shelves are used. As standard, the two locks have different keys. Identical locks or a Code Lock locking system are available on request (Code Lock is not available for doors).

When ordering a drawer cabinet on these two pages with **Code Lock**, please add the suffix „**C"** to the article number in the table (e.g. **78.467.XXX.C**).

For colour information see fold-out page. When ordering, please use the desired three-digit colour code (instead of XXX).

1. Cabinet housing with locking systems

To lock all drawers simultaneously, the cabinet housing can be customised with the electronic Key Lock or Code Lock.

Housing with Key Lock

The standard locking system with replaceable cylinders makes it easy to adapt to existing locking systems.
The lock secures all drawers at the same time.

Housing with Code Lock

Here the lock is replaced by a numeric combination.
A simple four to six-digit numeric combination is sufficient to open the drawer cabinets.

> **i** When ordering a **cabinet housing with Code Lock**, please add the suffix „C" to the article number in the table (e.g. **71.088.XXX.C**).

○ = on request

2. Drawers

Drawers with different front heights can be incorporated into the same cabinet housing in any order. The insides of the drawer walls are all fitted with a slotted grid in units (E) of 17 mm, which means each drawer can be partitioned as required.

Select load capacity

Drawer safety catches

Standard: standard model including single drawer safety catch (all article numbers from the table).

Safety catch on right: the minimum requirement for mobile drawer cabinets. One-sided drawer safety catch on the right can be released with one hand and prevents accidental opening of drawers even if the cabinet is unlocked.

> **i** When ordering a **single safety catch on the right**, please add the suffix „R" to the article number in the table (e.g. **72.034.XXX.R**).

Ordering tips

When selecting drawers, the clear height of the cabinet housing defines the size. The sum of the drawer front heights (C) must be equal to the clear height (B) (see diagram).

For colour information see fold-out page. When ordering, please use the desired three-digit colour code (instead of XXX).

Recessed hinged doors for pull-out and adjustable shelves

Made from sheet steel as a front closing option for the pull-out and adjustable shelves built into the housing beneath the drawers. The sum of the hinged door front heights and all drawer front heights must be equal to the clear height of the cabinet housing.

Pull-out and adjustable shelves for recessed doors

Made from steel sheet, pigeon grey, NCS S 4502-B. Load capacity of pull-out shelf 75 kg, adjustable shelf 200 kg. Thanks to the 25 mm increments in the vertical supports of the cabinet housings, different shelves can be fitted in the same housing in any order.

Raised edges on 3 sides and ribbed mat

Made from sheet steel, black, NCS S 9000-N, including ribbed mat, black.

Cover panel, resin-coated

Surface and edging light grey, NCS S 1500-N, laminated chipboard (quality class E1), with melamine coating on both sides (manufactured according to standard EN 14322). 2 mm thick plastic edging on all sides. Including pre-drilled holes and fastening material.

Multiplex cover panel

Made of steamed beech veneers, glued in multiple layers and waterproof (DIN 68 705), bevelled edges, sanded, oiled and waxed surface. The panel is splash-proof, dirt-repellent and largely impervious to oil and grease. Including pre-drilled holes and fastening material.

Housing base

Made from sheet steel, as height compensation, black, NCS S 9000-N.

2-way pallet/forklift truck base

Made from sheet steel for screwing to the underside of the housing, black, NCS S 9000-N. **Base cover only** for attaching as a cover on the front or rear.

Raised edges on 4 sides, with push-bar

Made from sheet steel, black, NCS S 9000-N, including ribbed mat, black. Push-bar consisting of a pair of plastic handle grips, RAL 9006 white aluminium, and aluminium tube Ø 25 mm, clear anodised.

Pair of castor holders

Consisting of 2 swivel castors with brakes and 2 fixed castors. Castor holders, sendzimir galvanised. Nylon castors black, rubber castors grey.

! **For safety reasons, mobile drawer cabinets must be fitted with a push-bar and a single drawer safety catch.**

LISTA drawer cabinets with hinged or sliding doors are ideal for large and heavy inventory items. The doors enable tall items to be safely locked away and protected from dirt, damage and unauthorised access. The flexible inner partitioning options and a variety of locking systems ensure that you have the best solution for your needs – all with lots of clever details and a 10-year guarantee. Just as you would expect from LISTA.

+ Additional storage space and work surfaces
through non-slip, easy-to-clean covers with raised edges all round

» Benefits of LISTA drawer cabinets

» Drawer cabinets with hinged or sliding doors for NC storage

Ideal for large and heavy inventory items up to 200 kg / drawer
with pull-out shelves for flush storage

Securely lockable
with a choice of hinged doors or space-saving sliding doors

Can be adapted to new storage items at any time
because drawers, pull-out shelves and adjustable shelves can be flexibly added or modified in 25 mm increments

Can easily be moved with a forklift truck
even with loaded cabinets, by using forklift truck bases

Top-mounted cabinets for drawer cabinets

Lots of storage in a small space: LISTA top-mounted cabinets provide additional storage area when space is at a premium. The stored items are in plain sight and easy to reach because they are positioned at viewing height. LISTA top-mounted cabinets are perfectly coordinated with our drawer cabinets and made from high-quality steel. In short: the perfect add-on for fast access to tools and equipment supporting continuous improvement processes such as Kaizen and 5S.

+ Extra storage area
when space is at a premium

+ Everything in sight
through viewing windows made from UV-resistant shatterproof acrylic glass

+ Extremely user-friendly
since the items stored are within easy reach

+ Securely lockable
with a choice of hinged doors or space-saving sliding doors

+ Can be adapted to new storage items at any time
because adjustable shelves can be flexibly added or converted in 25 mm increments

Locking systems

The standard **Key Lock** locking system with replaceable cylinders allows easy adaptation to existing locking systems. Further locking systems, e.g. Code Lock and electronic locking via RFID transponder on request.

Doors with viewing windows

Provide an open view of the contents and also encourage users to keep the contents tidy.

Pin hinged doors

Doors are flush with the cabinet housing. Opening angle approx. 115°.

Turn and push cylinder lock and smooth, quiet operation

Cannot be prised out thanks to a bar bent to right angles. The ball bearing rollers of the sliding doors run very quietly on the guide rails.

For colour information see fold-out page. When ordering, please use the desired three-digit colour code (instead of XXX).

The electronically controlled access system LISTA Electronic Control gives you maximum flexibility to allocate and manage access rights. This means that you can not only control access to the entire cabinet, individual drawers or the drawer compartments developed specially for this system but can also combine different system versions in a single cabinet. Just as required.

+ Ideal protection
from unauthorised access

+ Constant availability and full traceability
of valuable or scheduled inventory 24/7

+ Maximum flexibility
through individual access rights and locking levels

+ Simple control
thanks to intuitive operation

+ Additional security
through metal drawer compartments specially developed for this system

+ Reduced inventory loss and better planning
giving direct cost savings and increased productivity

! LISTA Electronic Control is available either as a complete system consisting of hardware and software or as hardware only to enable you to use your own software.

The modular system for internal logistics solutions

Level 1 Security	Level 2 Security	Level 3 Security

Your individual requirements are discussed and defined and the conditions on-site are assessed.

Optimisation and planning
All storage optimisation possibilities are assessed and a plan is drawn up which takes all factors such as available space, products and systems into account. All the important aspects such as fire prevention, safety at work and building planning controls are included in the planning.

Installation and training
Our qualified specialists install the system on-site and provide full training to guarantee a smooth start-up.

After-sales service
After installation our experienced staff are available to help you with advice and assistance at any time.

LISTA Workshop trolley

MOBILE AND COMPACT

With its compact dimensions, the mobile LISTA workshop trolley can be used in any workplace. Smooth-running castors ensure that all important equipment is always within reach. It is available in three drawer configurations and can easily accommodate even larger hand tools and electric tools. In addition, you can attach further practical accessories to the side panels so that everything you need is always to hand.

+ Optimum load capacities
load capacity 20 kg per drawer, 300 kg housing

+ Additional security
through rounded corner pieces made from abrasion-resistant plastic which act as buffers

+ Full mobility
thanks to two smooth-running fixed and swivel castors in solid rubber

+ Additional storage space and work surface
through non-slip plastic profile cover with compartments for small items

+ Flexibly adaptable
through practical accessories such as spray can holder, perforated panels etc. for attaching to the side panels

+ Extremely user-friendly
thanks to robust, ergonomic push handles on both sides

+ Extremely smooth-running and safe

Full extension
- with ball bearing
- maximum use of horizontal space
- everything in view
- optimum access

Single drawer opening
- prevents the trolley from tipping over by blocking all other drawers when one drawer is pulled out

Edge protection
- rounded corner pieces made from two-layer, abrasion-resistant plastic act as buffers

Castors
- two fixed castors
- two swivel castors with brakes
- in solid rubber
- with generous 125 mm diameter
